**IMMERSIVE LEARNING
PROGRAM**

**EXPERIENCE TO THE VARIOUS
GOVERNANCE MODELS**

**MEET AND INTERACT WITH
VISIONARIES**

**NETWORK WITH POLICY MAKERS
AND GOVERNMENT OFFICIALS.**

InterNation is an immersive hands-on learning program for the youth of today who wish to one day be stalwarts in their own right and have the will to change the very foundation of our Society. Through InterNation, we provide the delegates with a chance to meet and interact with Visionaries from the Public and Private Sector as well as the Government so that they can learn from the very best and inspire their fellow Indians. **The participants get a chance to imbibe the same values that drive today's leaders and Visionaries.** Additionally, they will be spending time with likeminded people with the same energy and enthusiasm as them and who share a similar vision as them.

This tour also serves as a pathway to network with Policy Makers and Government officials for future collaboration and be a source of constant communication.

SEE THE WORLD FROM
DIFFERENT PERSPECTIVES

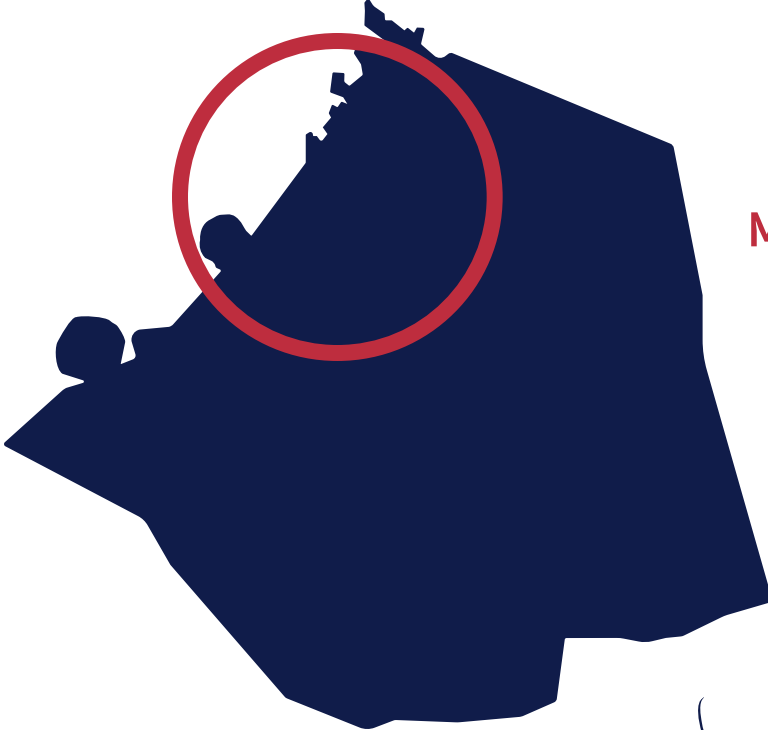

Unified Growth Foundation (UGF) is focused on helping students and their schools or universities grow in many ways. For over ten years, UGF has been working to bring people together from around the world to improve education.

One of our main goals is to create both local and international programs in partnership with our partner schools and universities. We design our educational programs carefully to meet the unique needs of each student. UGF is also dedicated to providing students with real international learning experiences. We have several programs that take students to different countries like Canada, the UK, Dubai, and France for two to four weeks. In these programs, students can learn about various subjects like engineering, management, health, and social care in a new and different setting. **These experiences are not just about learning new things; they also help students see the world from different perspectives.**
